# Heavenly Jerusalem (project)

Material from ALL

*This article is about a hypothetical project related to Israel . For more information, contact your nearest rabbi !*

**Heavenly Jerusalem** (also New Jerusalem, Israel 2.0, New Israel) is a project whose goal is the formation of a Jewish state inside Ukraine in the territories of its five southern regions: Odessa , Dnepropetrovsk , Zaporozhye , Kherson and Nikolaev .

The project is long-term, its terms are determined by the Council of Benefactors, the time is described until 2049 and even after 2060 [1] .

Heavenly Jerusalem based on the five southern regions of Ukraine

## Project Description

According to I. Berkut , author of the idea and executive director of the project [2] [3] [4] : “The New Jerusalem “5+5+5” project, starting in 2014, the first five years are rotting and decomposition of the existing system, the next five years are destruction and fragmentation after 1919, and the next five years, after 2024, are reformatting. 2029 is the first step for NI”

Thus, by the end of 2029, about 5 million Jews are scheduled to arrive in the New Homeland for the construction of the New Jerusalem [5] .

Israeli Prime Minister B. Netanyahu has already discussed the organization of the resettlement and settlement of Jews, as well as possible economic and political assistance in the implementation of the project, with the current Prime Minister of Ukraine V. Groysman , Prime Minister of the Russian Federation D. A. Medvedev , senior adviser to US President Donald Trump and member of the influential Jewish organization Chabad of Lubavitch , Jared Kushner .

The project receives support from well-known public figures, political scientists and analysts [6] : V. Pozner , Y. Kadmi , V. Solovyov , E. Satanovsky , D. Gordon , D. Dzhangirov , M. Pogribinsky , R. Bortnik [7] .

It is noteworthy that despite the scale of the project, it is not covered either in the world or even in the local Ukrainian press (meaning central media channels), with very rare exceptions.

Almost all information about the implementation of the project comes from its executive director Igor Berkut . Video interviews with I. Berkut covering the progress of the project are posted on the Rassvet YouTube channel.

An official announcement about the New Jerusalem project is planned to be made after the adoption of the law on decentralization of Ukraine in 2021-2022. In July 2019, Switzerland allocated €25 million, including for the purpose of decentralization of Ukraine [8] [n1].

The New Jerusalem project started at the beginning of 2017 with the landing in the port of Odessa of the first group of immigrants from Israel, led by I. Berkut [2, 19:40]. This group of 183 Jewish pioneers arrived in Ukraine from Haifa ( Israel ) to lay the first stone in the foundation of the Heavenly Jerusalem on the fertile soil of southern Ukraine.

Management of New Jerusalem will be entrusted to the “Council of Benefactors” consisting of 12 leaders [9] :

1. Golda Meir , a native of Kiev, 5th Prime Minister of the State of Israel, was declared the Honorary Eternal Head of the Council ;
2. B. Netanyahu will become Chairman-Prime after completing his term as Prime Minister in the State of Israel ;
3. Finance will be led by former head of the US Federal Reserve Ben Bernanke ;
4. Defense issues will be in charge of the current Israeli Minister of Defense, a native of Chisinau, Avigdor Lieberman ;
5. The intelligence services will be headed by the Moscow-born former head of the Bureau for Relations with Jews of the USSR and Eastern Europe “ Nativ ” Yakov Kedmi ;
6. Foreign affairs will be in charge of Moscow-born political scientist and publicist Avigdor Eskin ;
7. Internal affairs will be entrusted to the former Minister of Internal Affairs of the State of Israel, Soviet dissident Natan Sharansky ;
8. The media will be headed by the famous Russian TV presenter Vladimir Solovyov ;
9. Issues of justice will be resolved by a native of Crimea, lawyer Tatyana Montyan ;
10. The speaker of the Council will be the former president of the Russian Jewish Congress, Evgeny Satanovsky ;
11. It is proposed to appoint an ethnic Ashkenazi as the chief rabbi of the Khazar version of the appearance of this branch of the tree of Israel;
12. Hidden Apostle

It is planned to create two capitals in New Jerusalem [10] : the first, political and business capital, will be located in today's city of Dnepropetrovsk and will be called in accordance with the "New Jerusalem" project, the second, cultural, will be located in Odessa and will be called "Adessa".

## Reforms in Ukraine

Consultations for the New Jerusalem project are provided by the Polish Minister of Finance Leszek Balcerowicz [11] [12] , who, together with I. Berkut and other participants, is the author of economic reforms in Ukraine. According to the authors of the reforms, the basis for the well-being of citizens of the future Ukraine should be depopulation of the population: "The main principle of the reform is that the smaller the population, the higher the GDP per capita. Therefore, the main path of reform is a steady gradual decrease in the country's population," admits I. Berkut [13] [14].

In accordance with these reforms, in 2017 the Minister of Social Affairs. politician A. Reva stated [15] [16] : "Not only are there too many Ukrainians, but they also eat a lot." V. Groysman, in turn, found courage and for the first time in the history of Ukraine declared [17] [18] : "Ukrainians study too much." I (I. Berkut) and V. Groysman, we both understand that "for a Ukrainian child it should be "Kavun Day", "Tsybul Day", "Embroidery Day"; for a Jewish child it should be "Physics Day", "chemistry day", "programming day"

## Financing

As of the end of 2016, I. Berkut cites the following sources of financing for the project within the framework of economic reforms in Ukraine [19] : \$250,000 from one of the IMF tranches (\$1 billion), \$250,000 from the F4 fund (fund for the modernization of the Ukrainian economy, Switzerland , "Friedman, Feldman, Fishman and Firtash"), we hope to receive another \$450,000 from the George Soros Foundation .

In another video [20], the executive director of the project speaks as follows: The foundation (financial) was laid by divine providence. Today, 2-3 billionaires leave the world every day. If they leave all the inheritance to relatives, it will harm them. They can donate money to the project. Help is also expected from billionaires in Kazakhstan, Russia and many other countries. This will be help from Russia, Germany, the European Central Bank, the Bank of England, the House of Rothschild , the USA, from hundreds of family foundations, from Hollywood , from Apple , Facebook , Google corporations .

In July 2019, Ukraine received funding from Switzerland (25 million €), the EU (137 + 29.5 million €) and technical assistance from the USA (\$695 million) [21] . We are talking about supporting public administration reforms and qualitative changes in the provision of services, as well as decentralization.

## Criticism

Despite the scale of the project, its coordination with high-ranking people (B. Netanyahu, D. A. Medvedev, V. Groysman, Jared Kushner, Leszek Balcerowicz), it is not covered either in the world or even in the local Ukrainian press (on central channels) . The exception is the Israeli press [22] .

In his informational videos, I. Berkut more than once talks about the outstanding figure of our time, Lee Kuan Yew , the creator of the Singapore “ economic miracle ”. I. Berkut uses this state political figure as an example, and speaks of Singapore as a possible development model for the New Jerusalem. At the same time, I. Berkut’s approach to financing and developing the project is based, respectively, on the desire to receive money from global corporations [20] and the depopulation of the population of Ukraine [13] . The fact is that from Lee Kuan Yew’s book “Singapore History. From the “Third World to the First”” it follows that Lee Kuan Yew has nothing in common with I. Berkut’s approach to the development of the state. He never counted on “other people’s” money and dealt with the solution of numerous problems and the development of Singapore, relying only on his exceptional mind and human resources, never resorting to depopulation of the population.

I. Berkut, speaking in a video interview on the YouTube channel “Rassvet” about the New Jerusalem project, makes many shocking statements, which, according to critics, indicate that he suffers from chauvinism . Thus, at the beginning of the video [23] a picture of the future “New Jerusalem” is presented with the explanation: “the dog in the picture represents all nations except the Jewish and Ukrainian”

To the question of one of the spectators [24] : “I will not allow a Jewish project to be built on my land,” I. Berkut replies: “dear Petya, there is nothing of yours there and never has been. Petya - you are a disappearing small particle of biomass, which the wind of change brought into our objective reality. This was explained to you under Kravchuk, under Yushchenko, etc. Petya, look around and see where you are and remember - there is nothing there, there has not been and there will be nothing of yours.”

Discussing a possible threat to Israel, I. Berkut reports [25] that in this case, nuclear strikes with medium-range missiles with nuclear warheads (prohibited by the INF Treaty, INF Treaty ) will be launched from the territory of Heavenly Jerusalem against, possibly, Egypt, Jordan, Syria, Iraq, Iran. Quote [26] : “Thanks to Crimea, from the Heavenly Jerusalem we can bomb with impunity any state that takes an anti-Semitic or anti-Israeli position... even if Turkey bans missiles from flying over its territory, it will also be subject to a nuclear strike.”

## Interesting Facts

Answering the question: “Do Jews plan to completely leave Israel in the future?” I. Berkut expressed himself as follows: “the Jews will not leave Israel until our Sun goes out and turns into a white dwarf, which will happen in about 7 billion years” [27] [28] [29] . The fact is that before it turns into a white dwarf, the sun will go through a phase of significant increase in size and increase in its brightness. This will happen in 3.5 billion years. By that time, water from the surface of the planet will completely disappear, escaping into space. This catastrophe will lead to the destruction of all life forms on Earth. It is very unlikely that Jews will remain in Israel at that time.

Reflecting on the future of convenient transport between Israel and New Jerusalem, I. Berkut allows for the use of comfortable airships. The interesting thing is that everything that the Jewish soul desires will be installed on them, including swimming pools and playgrounds [30] .

Two existing nuclear power plants on the territory of the future New Jerusalem are supposed to be used for Bitcoin mining [31]. Mining of a cryptocurrency such as Bitcoin is based on the “proof of work” (PoW) method, in which the probability of creating the next block is higher for the owner of more powerful equipment. An alternative to it is the “proof-of-stake” (PoS) method, in which the probability of a participant forming the next block in the blockchain is proportional to the share of the units of account of a given cryptocurrency belonging to this participant from their total number. Due to the fact that “PoS” does not require significant energy expenditure, cryptocurrencies that incorporate this principle seem to be more promising at the moment.

I. Berkut, speaking about the New Jerusalem, repeatedly refers to Chapter 21 of the Revelation of John the Theologian, which talks about the second coming of Christ and the creation (more precisely, the descent from heaven) of the Heavenly Jerusalem [32] [33] [34] [35]. Also, based on Revelation, the composition of the council of benefactors of the Heavenly Jerusalem is selected [9]. Moreover, if Revelation speaks of representatives of the twelve tribes of Israel, then Jews are elected to the council of benefactors without taking into account their belonging to any tribes. This fact may be due to the fact that 10 of the 12 tribes of Israel are considered lost.

During the implementation of the “Heavenly Jerusalem” project, the conflict between the Galicians and the Jewish community in Ukraine was exposed. In one of the videos [36], I. Berkut reads a poem from a certain Jew, Mikhail Fonkin, entitled “To the Slanderers of Jerusalem,” which clearly parodies A. S. Pushkin’s poem “To the Slanderers of Russia” [37]. Moreover, I. Berkut does not give any references to A.S. Pushkin, but presents this mix as the insight of this very Fonkin. Two points can be noted from “Fonkin’s poem”: the words of A.S. Pushkin “redeemed with blood” were replaced with “redeemed with money; also the words “you did not read these bloody tablets” were replaced with “you did not read either the Protocols of the Wise Men or the Tablets of Moses... “Here we are talking about the “Protocols of the Elders of Zion ,” the main document of the “ Judeo-Masonic Conspiracy ,” as well as the Pentateuch of Moses and the Talmud , the main books of Judaism.
